

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs:

Company's CSR policy is aimed at

The Company approached I CARE EYE HOSPITAL & POST GRADUATE INSTITUTE (Unit of Ishwar Charitable Trust) whose purpose is to organize Eye Care/ Screening Camps to identify Eye diseases including cataract surgery. The contribution will be made to the foundation to work for CSR activities as defined in the CSR policy of the Company. The projects undertaken will be within the broad framework of Schedule VII of Companies Act, 2013. During the FY 2018-2019, I CARE EYE HOSPITAL & POST GRADUATE INSTITUTE has initiated following activities:

- 4 screening camps covering entire rural population of Bhagwanpur Tehsil of Haridwar District, Uttarakhand
- Screening for approx. 1698 people over the 4 eye camps
- Cataract surgery for approx. 72 patients
- Spectacles for approx. 827 patients suffering through refractive problem
- Medicine for approx. 1151 patient suffering from eye problems like dryness, allergy etc.
- Food, lodging and post operative medicine to all patients for the duration of the stay

The details of the CSR projects or programmes undertaken by the Company are available on website of the Company i.e. www.wonderfibromats.com.

2. The Composition of the CSR Committee.

Name	Category
Mr. Jugal Kishore Chugh, (Chairman)	Independent Director
Mr. Siddhant Sahni	Director
Mr. Rohit Anand	Director
Mr. Jatin Anand	Director

3. Average net profit of the company for last three Financial Years:

The Average net profit of the Company for last three financial years amounts to Rs. 4,90,22,044/-

4. Prescribed CSR Expenditure (two per cent of the amount as in item 3 above):

Prescribed CSR Expenditure for the Company was estimated at Rs. 9,80,440/- being 2% of the average net profit of the Company for last 3 financial years.

5. Details of CSR spent during the financial year:

a) Total amount to be spent for the financial year: The Company has spent Rs. 5,76,413/- during the Financial Year 2018-19 against the CSR Project/activities identified and approved by the CSR Committee.

b) Amount unspent, if any and reason for not spending: Amount unspent is Rs. 4,04,027/- Company tried very hard to find out suitable project for the actual need of society. Company wants to spend fund on CSR activities with a purpose to deliver maximum benefit to the society. Company will deploy the unspent fund in the next Financial Year on the identified projects.

c) Manner in which the amount spent during the financial year: As per Annexure annexed;

6. The CSR Committee hereby submits its responsibility statement that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company and the Companies Act, 2013 and Companies (Corporate Social Responsibility) Rules, 2014.

Annexure

Manner in which amount spent during the financial year is detailed below:

(Amount in Lacs)

S.No	CSR project or Activity identified	Sector in which the project is covered	Projects or programs 1. Local area or other 2. Specify the state and district where projects or programs was undertaken	Amount Outlay (budget) project or programs wise	Amount spent on the projects or programs Subheads: 1- Direct Expenditure 2- Overheads	Cumulative Expenditure upto the reporting period	Amount Spent: Direct or through implementing agency
1.	Eye Care Camps	Schedule VII (i) under 'promoting health care including preventive health care	Projects were executed in Local Area Bhagwanpur, Uttarakhand	10 Lakh	576413/-	576413 /-	Implementing Agency

Sub: Thank you for your support

Dear Sir,

We convey our sincere thanks for approving our project for free eye screening camps, cataract surgeries, spectacles and medicines for the FY 18-19 in the remote location of Roorkee, where modern ophthalmic services is a challenge for the needy. Wonder Fibromats Ltd gave ICARE an opportunity to explore the hilly areas and expand its service to the marginalized sections of the community.

We are happy to enclose the project completion report consisting of the project outcome, photographs of the eye camps, list of operated patients, list of patients benefiting spectacles and medicines. *(Enclosed an invoice of the project expenditure for your perusal)*

Donations from donors like you help us to support the poor elderly patients who are admitted for 3 days for ophthalmic services. This includes meals, medicines, surgery and transportation from and back to their homes free of cost. You motivate us to give of our best for these needy people. Your kind contribution is deeply appreciated and the blessings of the beneficiaries will always be with you.

Thank you once again.

With best regards,

Dr. Sushil Choudhry
Managing Trustee

Project title (s)	Free surgeries for underprivileged patients with cataract
Villages in Uttar Pradesh	Villages of Bhagwanpur district, Roorkee, Uttarakhand
Project duration	FY 2018-19
Total Budget for Project Period	Rs. 4,95,233/-
Current status of the project	Completed

THE NEED

India has the dubious distinction of having the world's largest blind population. As per WHO, by end 2016, India had over 45 million visually impaired citizens. The irony is that more than 80 % of them suffer from preventable and curable blindness. They are needlessly blind. They cannot afford quality eye care. Blindness or even partial blindness due to development of Cataract in their eyes prevents them from earning their livelihood. Besides robbing millions of families their bread winner, they become an added burden to other members of the family.

BARRIERS TO ACCESS - DISTRIBUTION OF SERVICE FACILITIES AND LOGISTICS

It is usually the young who migrate to earn a living, leaving the elderly in the village. Hence it is not uncommon to see villages with a higher proportion of elderly than young, resulting in a higher prevalence of blindness in the rural areas. This same population shift is occurring in many developing nations. A higher concentration of blind in the rural areas further compounds the problem of maldistribution of services.

This presents problems in logistics with economic implications. Poor road infrastructure and public transport facilities make travel difficult even for sighted persons, so for the blind this presents a major problem. This is especially true in the mountainous areas of some countries where several days of trekking is involved in reaching the nearest road.

THE INSTITUTION

In 1982, Ishwar Charitable Trust was established with the paltry amount left upon the demise of Dr. Sushil Choudhry's mother. The Ishwar Charitable Trust was set up with the aim to provide affordable, preventable, curative and quality ophthalmic care to all sections of the community particularly the rural needy.

The Trust, understanding the limitations of the rural poor, an effective and unique Rural Outreach Programme was designed in 1993 for providing modern ophthalmic services at the very doorstep of rural population covering the states of Haryana, Rajasthan, Uttar Pradesh and the slum areas of Delhi. Operating on a hub and spoke model – screening and collecting patients requiring surgery from remote Rural Peripheral Centers (RPC's) and urban slums, bringing them to the base hospital (in NOIDA and Greater NOIDA) and providing them high quality diagnostic, surgical and post operative care at no charge.

ICARE EYE HSOPIATL AND WONDER FIBROMATS LIMITED

We had submitted a project to WONDER FIBROMATS LIMITED. requesting them to support 4 eye screening camps for providing Ophthalmic services to underprivileged sections of our society but they have very kindly expressed their desire to sponsor these eye screening camps in remote locations of Villages of Bhagwanpur district, Roorkee, Uttarakhand.

Publicity for these camps was done through pamphlets, banners by word of mouth, WONDER FIBROMATS LTD. staffs and other resources. Ambulances with teams of ophthalmologists and paramedical staff visited the camp sites on prefixed dates. People attending the camps were examined for refractive errors, cataract surgery were also examined for diabetes and hypertension which are very prevalent in the aged residing in the rural areas. Those requiring

spectacles were refracted and spectacles dispensed to them free of cost kind courtesy to WONDER FIBROMATS LIMITED.

PROCEDURES FOLLOWED FOR PATIENTS CARE

Patients indentified for surgery were brought ICARE's ambulance and buses from the camp sites of Roorkee to the base hospital at Noida. A pre-operative detailed examination and investigation were carried out. Surgeries were performed the next day; some surgeries were postponed due to the patients being detected with other associated problems requiring medication and treatment. Surgeries were performed when they were found fit for surgery. On recovery from surgery they were transported back home in our ambulance bus, happy and satisfied that they have regained their eyesight and can once again be helpful to their families in the day to day chores of life and become an active member of their community.

Patient Surgery Cycle

		
On way to Peripheral center	Registration of patients	Screening of patients
		
Patients transported to ICARE	Detailed examination- Day-1	Surgery - Day-2
		
Happy patients after surgery	Free food and lodging	Patients going back home

PROJECT RESULTS

The figures listed below reflect the projected numbers and those finally achieved in 4 eye camps supported by WONDER FIBROMATS LIMITED and held on specified dates.

							Ciplox	100
							NA	-
Total Expenditure			1698	827	91	72		1151

CHALLENGES BEFORE SURGERY

Before going through surgery from ICARE Hospital, most of the beneficiaries were restricted to the boundaries of their respective houses due to age combined with low vision and it was becoming very difficult for them to manage things and spend time. Their dependency on the family was increasing, even for smallest of tasks, which started effecting the relationship too as it gave rise to small disputes inside the family. They were not able to do anything on their own, so one or the another member of the family had to be with them 24*7 which is not possible in today's fast pace life, especially for people at the bottom of pyramid as all major family members are involved in earning bread for the family and the minors are not mature enough to take care of elderly people. So the partial blind becomes more vulnerable and becomes the root cause for deterioration of one's physical and mental wellness. Due to partial blind moral of person falls to an extent that sometimes people kill their desire to live anymore.

CASE STUDIES

Patient Name : MANGE RAM S/O VISHAL SINGH
Age: 60
Gender: Male
MRD : C050965
Village: Bhagwanpur Roorkee,
Uttarakhand
Operated Eye : LE PHACO + PCIOL
Operated on: 17-12-2018

Mange Ram is a plumber by profession, he has two sons who are not working and have a daughter of marriageable age. His wife also works as a labour to meet the expenses of house and arrange some money for their daughter's marriage. With his diminishing vision, many times he got injured. He was very disheartened that he will not be able to work and earn money for his family.

One day he went to the nearby optician for his eye test. The optician told him that he has cataract in his left eye and needs immediate surgery. He did not have financial means to go to the private practitioner and get the surgery done. He heard about the Eye Camps being organized in the villages by ICARE Eye Hospital by Wonder Fibromats Limited where he could get free surgery done. So he reported to the camp and from there came to ICARE in an ambulance and his right eye surgery with IOL implant was conducted successfully.

Mange Ram is very happy as he regained his eye sight fully. He also started working as a plumber and earns enough to sustain the family and their education.

Patient Name: Palla w/o Simru
Age: 60
Gender: Female
MRD : C053087
Village Bhagwanpur Raipur Roorkee,
Uttrakhand
Operated Eye: Left eye with SICS+PCIOL
Operated on: 02-02-2019

Palla is a 60 year's old lady from village, Bhagwanpur Raipur Roorkee, Uttrakhand, she has a big family with three sons and three daughters all married except her youngest son. Her husband works in small piece of land to grow crops for their livelihood.

She was having problems with her eye sight for the last few months along with her blood pressure problem, but there was no one who could help her. Despite her regular complain about her eye sight they were neglected by her husband and children.

One day she was sitting with her friends and she heard the announcement of eye camp taking place in her village by ICARE Eye Hospital, Noida in association with Wonder Fibromats Limited. It was a golden opportunity for her as she also had her friend to accompany her for eye check up. At the eye camp she and her friend both were identified having cataract, when they were told about the free treatment by our doctor, a sign of relief was seen on their face.

She was brought to the base hospital for her ophthalmic treatment. All her pre operative examination was done the same day and on the next day her eye was operated for the removal of cataract. She is very happy now and living life with confidence. She is grateful to Wonder Fibromats Limited and doctors at ICARE for saving her eye sight and giving them an opportunity for leading a meaningful life.

FUTURE PLANS FOR THE PROJECT

We convey our deep appreciation and heartfelt gratitude to WONDER FIBROMATS LIMITED and the staff members who have so very kindly helped us in our cause to render modern ophthalmic services to the needy and elderly rural citizens of our country and alleviate their problems. . Though a small number of populations has benefited from the project, yet it had great impact on the lives of the beneficiaries.

With a successful proof of concept for our model and strong brand name, ICARE now plans to scale its work Northern India. We plan to accelerate the number of surgeries in Northern India by establishing more vision centers and secondary centers. With an aim to eradicate curable blindness, ICARE is innovating with efficient and effective models to increase the length and breadth of its work. The model is sustainable and ICARE can reach out to more people with the help of like-minded socially responsible organization. ICARE seeks long term partnership in this regard.
